Among Former Citizens.

Chas. Frederick returned Sunday noon from h s southwestern trip and reports a fine time. At Canyon C.ty, Tex is, he was a guest at Thos. and Frank Sims who are well known here. He says they are finely situated and pleased with the country and that their land is rapidly increasing in value. He went fishing with the Sims' and had splendid luck. He also found Baylis Rector doing we l in the real estate business at that place. He was also guest several days of Albert Zihl at Enid, Okahoma, and found him greatly pleased with the country. Mr. Frederick has the Texas fever so badiy that he may drop off any time now.

Larger Boats to be Put in Missouri River Trade.

The officers of the Kansas City Steamboat and Transportation Company, at a meeting held in Kansas City Friday, dec.ded to build two large steamboats that will probably take the places of the two that the company is now running between Kansas City and St. Louis on the Missouri River. Both the Chester and the Tennesse have been making trips for the last two years, when the company came into existence through the efforts of a num- dependent packet running on her of merchants in Kansas the Missouri River as far as

It is the intention of the company to have the new boat ready for the trade by the opening of next spring, and they have been encouraged in the enterprise by the recent mons and Clayton Simmons, Exrs of said up the river on one of their boats. The trip was made Monday of September 1008. with a view of placing lights on the river to insure safe travel at night. The government maintained such a system a number of years ago on the river, but owing to the falling off of trade and the withdrawing of a number of boats from the river the gov ernment ceased supplying the lights.

The Kansas City Company has been enjoying a good business; especially the trips to Kansas City bave been beneficial to the company. The recent high water about Kansas C.ty caused business to fall off, but since the water has receded the trade at Kansas City has increased again. Both the boats are small and the new ones will be built with wider decks and handsome cabins. A special effort will be made to make excursions popular on the Missouri
